## More Ways to Pay!

With Canada Post's strike, many customers may not be able to mail payment as they typically would. However, Whisco has a number of alternative options for payment that make it easy to avoid mailing cheques altogether. Options include:

1. Electronic Funds Transfer (EFT) is a direct, bank-to-bank method of payment common for customers large and small. With low fees, ease of use, and exceptional timeliness, it is the preferred method of payment for Whisco.
2. Interac ETransfer - transferring funds via email is a common method payment and can be used by any customer.
3. Credit card - customers can call in and make payments using a regular credit card, and pay invoices as they are generated.
