

Check out our Winter Specials, Holidays Hours, and More!

Happy Holidays from Whisco!

Keep your facility ice free with Pro-2000 Ice Melter from Whisco. Environmentally formulated for safer removal of snow and ice, Pro-2000 contains CMA (Calcium Magnesium Acetate), an environmentally benign deicer. Where metal corrosion is a concern, PRO 2000's special formula creates a bond between the surface area and the elements to protect. When pre-applied, Pro-2000 prevents snow and ice from bonding to the surface area. As PRO•2000 goes to work, its time-released formula stays on the surface area longer, helping to control the freeze/thaw cycle.

PRO•2000® is safe to handle without protective clothing. It does not dry out or irritate the skin. When properly dispensed, PRO•2000 minimizes tracking on floors and carpets, plus it contains "Dolomite" for added traction control; further enhancing performance.

Call or Email us today!

Whisco Holiday Hours

Whisco will be closed on December 24 and 27 for the holidays, but will be

open regular hours (8am-5pm) from December 28-30, and on December 31 from 8am-3pm.

Duracore Nitrile and Vinyl Gloves

Great Pricing on Gloves!

Nitrile and vinyl glove pricing have soared since the start of the pandemic, but we've managed to get some new, dramatically lower pricing on our new Duracore nitrile and vinyl gloves. Contact Whisco today to order, and ask for our special gloves by the case pricing!
